New casual but extravagant and fashionable ION sunglasses. Equipped with pc-lenses for high scratch+break resistance at best uv-protection.

You set a deep style statement.

ION FASHIONAL EYEWEAR

We love this collection and due to all the important eyewear components already mentioned above, believe that these sunglasses will give you the real ION life-style feeling. If it's style you're looking for, ION Visions second collection is all about style and fashion. These high quality glasses are custom made to suit your personal taste. ION glasses are an excellent choice for any occasion: when you're getting out of the water and heading towards the beach bar or performing your daily tasks, you won't need to worry about changing your glasses, you will always look good. A must for every day – combining maximum style and UV-protection for your eyes at the same time.
